

Plans and specifications shall be submitted when required.

This permit is limited to the stated purpose. All activity conducted, storage, & handling of materials shall be done in accordance with MGL Ch. 148, 527 CMR 1, & all other applicable laws, codes, and standards. The above named address of permitted activity is subject to inspection at any time by the Fire Department. This permit may be revoked for any violation of its conditions, mistake in issuance, or for non-compliance of applicable laws, codes, or safe practices.

Any time a fire protection system, supply, or component is placed out of service and returned to service, the Lawrence Fire Department Dispatch shall be notified by calling 978-620-3403.
